Name_____   **Lab Section** _____

Project 1 (10 points)
This assignment is to be submitted on Canvas by 11:59pm on January 18, 2023

Write your answers to the various questions on this document.
When you complete the project, this document is to be submitted as a pdf.

Only steps that require answers are shown on this sheet.
These steps are indicated by an ⟹ on the instruction sheet
The pdf sheet can be filled in using Acrobat Reader DC and using the fill and sign option

1) /home/student/ghf0004

4) /home/student/ghf0004/Example

5)   . ..

6)   Prog1 Prog2

7)   file1.txt file2.txt Prog1 Prog2

8)   total 8
    -rw------- 1 ghf0004 student   0 Jan 17 14:50 file1.txt
    -rw------- 1 ghf0004 student   0 Jan 17 14:50 file2.txt
    drwx------ 2 ghf0004 student 4096 Jan 17 14:49 Prog1
    drwx------ 2 ghf0004 student 4096 Jan 17 14:49 Prog2

9)   file2.txt   file3.txt

10)   file2.txt   file3.txt

11)   file1.txt

12)   file2.txt

13) (2 parts)

   /home/student/ghf0004/Example/Prog1

   file1.txt file3.txt

14)   Prog1 Prog2

15)   file4.txt Prog1 Prog2

17)   rmdir: failed to remove 'file1.txt': Not a directory

18)   file4.txt Prog1 Prog2

19)   rmdir: failed to remove 'Prog2': Directory not empty

21)   rm: cannot remove 'no_file.txt': No such file or directory

25)
Enter the employee number: 1
Enter pay rate: 10.75
Enter hours worked: 40

       Employee: 1
       Pay rate: 10.75
       Hours: 40
       Wages: $430

26)   project1b.cpp:23:1: error: expected ';'
       before 'void'
        void CalcPay(float, float, float&);
        ^

29)   project1 project1b project1b.cpp project1.cpp

35) Show your TA that the files exist in the proper location and have the TA initial here _____
Or submit a screenshot as described in the submission instructions.

Be sure to submit a pdf of this completed answer sheet.
